Large party,
Special events
& Party Menu

We are so happy that you have considered Mexicali Brews for your special event! We have tried to cover all of your needs with these different menu options but if there is something special you would like or a custom menu to fit your budget, please email us and we can plan your event with a menu that caters to you and your group specifically. There is a minimum of ten people for the ala carte options and a minimum of twenty people for any buffet option. Add-ons are just that - you can add on any of those options to your party package.

We look forward to making you and your party happy!

Cheers,
